

Introduction to TouchNet Marketplace uStores

Marketplace uStores enables departments to easily create, manage, and operate online storefronts. uStores is connected to a secure payment gateway that not only reduces PCI scope but posts the revenue directly to the department's GL account(s).

Marketplace enables every campus merchant to quickly and easily offer products and services around the clock with minimal training.

Features of TouchNet uStores

- Brand your store with an easy to use template
- Mobile view for online purchases
- Gather customized information from buyer
- Offer sales, promotions, packages, and schedule status changes
- Support sales of Digital products
- Accept both Credit Card and ACH payments
- Reduce PCI scope by using existing merchant account
- GL integration and automatic posting to multiple 33 digit codes
- Assign users to roles with different permissions such as “Store Manager” and “Accountant”.
- Easy reporting for inventory management and revenue reconciliations

Easily build and brand your uStore with designer template, no HTML or CSS needed.
