

TouchNet uStores Annual Cost Structure

| Type of Store | Cost | Eligibility |
|---|--|--|
| Initial Subscription Store The first store associated with your Harvard credit card merchant account. | \$2,000 annually | Most schools already have a central TouchNet merchant account and an initial store. Please contact otm_ecommerce@harvard.edu if you are unsure about your merchant account. |
| Secondary Subscription Store This includes unlimited transactions and offers the ability to accept eChecks in addition to credit cards. Subscription fees are charged regardless of usage. | \$500 annually | Your school must have an Initial Store. |
| Transaction-based store No annual fee. Charges based on the number of annual transactions. | \$3.95 per transaction Per transaction fee will be increasing to \$4.95 in FY25. | Your store must do less than 100 transactions annually and collect less than \$25,000 annually in revenue. The transaction-based store does not have the option for electronic checks. If you sign up for a transaction-based store and go over 100 transactions or \$25,000 annually, your total fees would be capped at \$500 and automatically roll over into a subscription store. |

All stores incur a one-time implementation fee of \$200
